LMSA Alumni: Where Are They Now?

MEET DR. WALDO GUERRERO, MD

Dr. Guerrero is an Assistant Professor in the Department of Neurosurgery at the USF Morsani College of Medicine. During medical school, Dr. Guerrero served as President of LMSA at USF MCOM. He graduated from USF MCOM in 2008 and during his tenure at USF MCOM was an original founder of the BRIDGE clinic and original faculty member of Tampa Bay Street Medicine. Dr. Guerrero completed a Neurology residency at the University of Florida Shands Hospital, a Vascular Neurology and Research Fellowship at the University of Texas Houston Health Science Center, and a Neuroendovascular Surgery Fellowship at the University of Iowa. Dr. Guerrero would like to advise medical students to continue to pursue their dreams and remember at the end of the day we are here to take care of our patients and be there for them physically, spiritually, and mentally.

Faculty Mentors

FIND OUT MORE ABOUT THE FACULTY SUPPORTING LMSA @ MCOM

On our teams page, students can refer to our current list of Latino faculty willing to support them in the areas of shadowing, research, and career advising. We encourage students to take advantage of this resource, and build connections with Latino physicians in various specialties at USF. Feel free to add to the list with the contacts of Latino faculty/physicians at USF that would be interested in supporting our students and mission!
